

at SACRED GROUNDS

COVID-19 PROTOCOL

During this unprecedented time, we are implementing procedures and protocols to insure the health and safety of our guests and staff. We have made changes to our daily schedule at the spa to allow us to thoroughly clean and disinfect the therapy rooms, restrooms and desk area between appointments and control the traffic flow in the spa. We will be wearing masks, and we ask that our clients do as well. We will also be asking our clients to fill out our intake form online and pay for their service(s) by credit or debit card prior to their appointment. When you arrive for your appointment, please call the Spa at 920.854.4733 and let the staff know you are here. As soon as your therapist is ready to provide your service, they will come out to get you. We will use the cell phone number you give us when you make your appointment. Walk-in business is discouraged. If you need any retail products, we will be happy to take your order by phone and leave it outside on our patio for you to pick up. We ask that you call the spa to schedule services and to purchase gift certificates which will be sent out by mail. We appreciate your business and your efforts to adhere to these protocols.

Thank you!

Stay happy & healthy
